

Nature Bracelet

<https://alphamom.com/family-fun/crafts/nature-walk-bracelets/>

A perfect craft for little collectors, this nature bracelet is sure to keep kids busy creating. Kids can stick flowers, twigs, leaves, and other found items to the sticky side of a piece of duct tape and wear it on their wrist to show off their collection. To protect the items and keep other things from sticking to the bracelet, a strip of clear packing tape can be placed on top.
